Please state clearly the nature of your grievance.

I want to file a complaint on Park County Detention center for breaking ~~an~~ contact order. On January 9th ~~I~~ Rogelio Rodriguez Jr signed up for Bible study following the rules and regulations of rule Book informing the Deputy tower via missultaneous request. Depending on the rule Book you may not be able to attend certain programs if there are no contact orders or keep away between you and another inmate in the facility. Thinking I was cleared to go at the Bible study was Mr Willie Ayers attending the same Bible study program in result I suffer the consequences for something that could of been avoided with PCDC's staff Professional assistance and attention I don't know what fault it is I haven't got any grievances anserd. but I need anserg and relief. Thanks for your time Much Respect

I'm still missin a brand new pair of brief and two pairs of
sox missing out of a brand new pack I had never got
my sister Mariso Rodriguez brought me on visit
her number is 307-254-2409 if got any questions

January 30, 2017

This is a formal response to your grievance addressed to me dated January 11, 2017 regarding complaints about locker request and you not getting your items you asked for, mainly your boxers.

1 During our informal conversation in the classroom I made you aware that when I went to get the said boxers out of your property bag to fulfill your locker request there was only an empty bag. I also attempted to explain to you that at the time of incident we had 4 inmates with the last name of Rodriguez and there were boxers found in another Rodriguez property bag that did not belong to him. It only seemed reasonable that the Deputy may have accidentally put them in the wrong property bag. After I gained this knowledge, myself and Deputy Randol immediately brought back the boxers to provide them to you. You stated that your sister bought boxer briefs not boxers. I was not on duty when your sister brought your items in during her weekend visit so I cannot be certain that the boxers were placed in the correct property bag. I was up front and open with you on what occurred while I was on duty, and I did what I could to rectify the problem with the information I had.

I did not pressure you to take the boxers, I only provided them to you as you requested on the locker request form. If the boxers do not belong to you and you are missing these items you need to speak with Deputy Duneman so he can give you an explanation on what he did with them after your sister brought them in. He was the deputy who handled the transaction. There were no boxers in your property bag on January 10, 2017 during locker request when I was on duty.

Sgt. J Harris

② she later brought me boxers saying she had found the items I immediately told her the boxer are not mine because my sister brought me briefs and sox and I just want what my sister brought I did not want to take what's not mine. Deputy Harris stated I should take them because she knows there mine and she had asked the other Rodriguez inmates about this issue.

③ Deputy Duneman did put them in the right property I feel Deputy Harris is trying to pawn her mistake on somebody else she was the last to handle my property when the items went missing I just want my stuff or reimbursed my sister paid for these items I don't think it's fair for them to just disappear and brush it under the rug
